The Honorable Kay Granger  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, DC  20515

Dear Chairwoman DeLauro & Ranking Member Granger:

I am requesting $6,000,000 in funding to expand wastewater and make sewer improvements in the Town of Davis WV.

The project sponsor is the Town of Davis and is located at 505 William Avenue, Davis, WV 26260.

The lack of wastewater capacity, chiefly by means of water treatment, has significantly limited economic development in and around the Town of Davis, in Tucker County, WV. These infrastructure limitations have stymied the construction of much needed affordable housing, expansion of the Tucker County Industrial Park, development of the Corridor H Area, as well as the growth of the Town of Davis.

This project is an appropriate use of taxpayer dollars and would accommodate the projected growth and demand in this region; therefore, the construction of a new, centralized wastewater treatment plant is critically important to the region.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

David B. McKinley, P.E.
Member of Congress
